A very enjoyable day with excellent hospitality with added bonus of Celia Langford as my steward

### **AC SILVER SOMALI ADULT MALE**

1CC withheld Thomas SEYSIANA SILVERBUTTONS Usual Silver

This boy was such a sweetie and had a lovely expression however he was extremely tarnished along his back on his feet and neck and on his bob he did not give the overall impression of a silvery sheen. Also stained around the rear end. Tail was long but extremely sparse. He was also in need of a bath and more grooming.

### **AOV SEMI LONG HAIR GRAND PREMIER MALE**

This was super class to judge and had they all been on their own I would have been happy to give each and every one of them a grand

1GR PR Watson PR. ISADORYOU FIRE AND ICE Red silver tabby and white Maine coon. I liked this young lad whom is just a year old. He had a lovely facial expression... Beautifully presented with a delicate soft coat colour. Medium length head with square muzzle and firm chin and good bite. Cheeks fairly full with nice high cheek bones... Nose of uniform width with shallow curve. Full round eyes spaced well apart set slightly oblique. Ears tall and large with tufted tips and well feathered. A long rectangular shaped body of excellent substance. Long tail with profuse flowing fur. Strong legs with large round paws with tufts of fur coming from under the paw. So laid back.

RES GR PR Grants PR. MABALAKAT SILVERV SURFER Silver Tabby and White Maine coon Another boy of quality who ran winner very close it was just the tarnishing that put him down to reserve. A real gentle giant with a super tail with such profuse flowing fur on a long tail. A really big boy of excellent substance. Lovely head medium in length with strong muzzle and firm chin, cheeks fairly full with high cheek bones. Nose a little broad but showing shallow curve. Eyes spaced well apart full and round with a slightly oblique set. Lovely large tall ears again well tufted at tips and well feathered. A really large body supported by strong legs with large paws and long tufts of fur between the paws. A Glossy top coat cover his undercoat and was showing excellent tabby patterns.

2 lovely boys

## **AOV SEMI LONG HAIR GRAND PREMIER FEMALE**

1GR PR Butler GR PR JINGLEBELLES Ladyof Athena Brown Tabby and White Maine Coon

A real owly look to this girl who had a glossy top coat showing excellent pattern. I would have liked maybe a little more depth to her face and her nose not to have been so broad but she was extremely attractive with full round pale green expressive eyes that were set slightly oblique. Ears large and tall with good tufts at tips and well feathered. Fairly full cheeks with high cheeks bones. Square muzzle and firm chin with good bite. A solid medium sized body of excellent substance. Substantial legs with large round paws with tufts of fur coming from under the paw. Tail long with profuse flowing fur. Beautifully presented and delightful manners.

## **AC BIRMAN OR TURKISH BREEDERS FEMALE**

1 Tarr CH TARKUSHA HELENOFTROY Seal Birman

I girl I have always liked and has excellent birman type. Broad head with good width between medium sized ears. Medium length nose showing correct slight dip to the profile. Lovely blue eyes of almost round shape. . A silky soft clear beige coat with defined seal points contrast. Full cheeks with well developed chin and good bite. Tail of medium length and bushy Medium height legs with strong paws. Sparkling white even gloves. Tapering nicely matched gauntlets and good socks. . Body of good shape and weight and very nice to handle.

2 Baldwin CH KRAZIKLAUS POTTY DOTTY Seal tabby birman. Medium sized ears A rather small girl with good type. Medium sized ears with good width between and showing faint thumb prints. Almost round deep blue eyes, Slight dip to profile on nose of medium length Cheeks fairly full and round. Mushy medium length well ringed tail. Even gloves, a little regulatory at the top of the right gauntlet. Good defined tabby markings. A silky soft well prepared coat.

3 Simmonds GR CH GAYEMAUDI RINGA RINGA ROSY Chocolate tabby birman I would have liked a little more depth to this girls face and her ears were small rather than medium in size and were greasy around the ears. Showing more of a nose break than gentle dip to profile also her feet could have been cleaner. Her head markings and points were of defined chocolate but the tail that was short rather than medium in length was more seal in colour but well ringed. Nice even gloves, well matched tapering gauntlets and good gloves. A nice big girl of excellent substance.

1 Prowting EISERBLEW MORPHEUS Seal Bi Colour RAGdoll Male

This boy had a rather strong odour of stud about him but he was extremely laid back and gentle. Only just over a year old and needs to grow into his ears which although have tilt forward appears rather large today. His points looked more chocolate than seal. A good body shape and of very good substance with a nice broad chest. Medium length legs again of very good bone with large round tufted paws. Long bushy tail that tapered slightly at the tip. Head broad with flat plane, cheeks fairly well developed with good muzzle and chin, bite even. Medium length nose with gentle dip. Inverted v commencing on forehead extending downwards to cover nose whisker pads. And chin. Back legs white to the under body.

This boy was in need of much more show preparation on his tummy and his white feet were grubby. Thick grease in his tail also his ears were rather small. Such a pity he had not been groomed as he was so easy to handle
