SEAL POINT BIRMAN ADULT MALE

1 CC Finch SNOWWITCH AVALON OF HEVIMARLO

I struggled with my conscious as to whether award the certificate to this cat due to a few things. His points colour did not match he looked very chocolate on the legs, his tail was almost white the right gauntlet was very sparse but moreover one of the gauntlets had a tick in it which I was not to happy about. However he had the most wonderful brman type and a temperament to die for. Because of his type I decided to award the CC. Lovely head with almost round blue eyes, profile shows slight dip on medium length nose. Ears spaced well apart and medium in size. Good body shape and weight. Medium height strong legs. Tidy gloves, Rich gauntlet sparse and shorter than left. Coat a little coarse but of lovely beige colour. Handled extremely well.
