1 IMP GR CH WITHELD GR CH SIMISOLA TIMETOSHINE Blue Birman female  
Lovely birman type with almost round blue eyes, ears of medium size and spaced well apart, medium length nose showing slight dip to, profile. Good body shape with a bluish white coat and nice blue points. Nice gloves and socks. Even tapering gauntlets. Medium length bushy tail. I was sorry to withhold on this very nice girl but fore such a high award the grooming should be perfect unfortunately there was a knot in the fur around the right ear and her tummy needed more attention to the grooming

**BIRMAN GRAND CHAMPION FEMALE**

1GR CH Suttie CH ADSETLO TWOULRIKA Blue  
Needed a ruff to balance her facially, Head nicely rounded with good width between medium sized ears, medium length nose showing slight dip to the profile, fairly full cheeks, almost round eyes of good blue colour. Bluish white soft coat with well matched pale blue points contrast. Medium length bushy tail. Medium height legs with strong paws. Even gloves, nicely matched tapering gauntlets. Easy to handle

1CC bob Hancock CH JULESCOON JOE CONNZACKI brown tabby and white  
A long rectangular shaped body of good substance with substantial legs and large round paws. Long tail with profuse flowing fur and reaching to his shoulder blades. A nicely patterned glossy top coat. Medium length head with square muzzle and firm chin and level bite. Profile shows shallow curve on nose of uniform width. Ears wide at base and large with good featherings, fairly full cheeks with high cheek bones. Full round eyes set slightly oblique I was a little concerned about one eye and had to call the duty vet. His coat colouring was lovely and rich, he was beautifully presented with a sparkling white bib.

2.Sykes ALISIKA KIAZER Brown Tabby

This boy was in need of much more show preparation. Only 11 months with a long rangy body which he needs to grow into. Medium length head with square muzzle. Shallow curve to profile, Ears large and tall with good featherings. Large eyes with slightly oblique set. Nice ruff but the ruff was very greasy. Long tail reaching to his shoulder blades. A very relaxed boy.

### **BROWN/BLUE TABBY (INC BI COLOUR) MAINE COON ADULT FEMALE**

1cc Holden Ritchie AMORAMIST ZELLA Blue tabby

A nice head being medium in length with square muzzle and strong chin with good bite. Fairly full cheeks with high cheek bones, nose of uniform width showing shallow curve. Eyes spaced well apart and full and round with slightly oblique set. Tall large ears set high but well apart and well tufted and feathered. Ruff developing. Body could be larger and she could do with a little more substance. Tail long with profuse flowing fur. Glossy top coat could do with clearer and more defined tabby markings. Sweet natured girl. I understand this certificate makes her a champion – well done

## **SORREL SOMALI KITTEN MALE**

1.Carmichael BRIZLINCOAT GOLDENBOY – sorrel  
Using extremely bad language and was in need of a little more show preparation around the ears and on the tummy. Head a little narrow in the muzzle which was accentuated by a rather broad nose. Ears set well apart and nicely cupped and tufted. Large almond shaped eyes slightly oblique. A firm body with long legs and oval feet with tufts between the toes. Long well furnished tail which was broad at base and slightly tapered. A soft fine dense coat which I would have liked a little richer in colour with apricot base colour coat and tipped in cinnamon. Chest belly and fur under tail apricot in colour again could have been richer in colour.

RES GR PR Newman GR PR DAIRYMAINE KASABIEN red tabby Maine coon  
An enormous boy who was so very heavy so pleased to see he had very substantial legs with large tufted paws to support his large body. Tail fur profuse and flowing I would have liked a little more length to his tail. Medium length head a little more strength needed to his muzzle. High cheeks bones with fairly full c cheeks. Shallow curve to the profile. Ears tall and large with tufts at tips and well feathered, fur around the ears a little greasy. Eyes spaced wide apart and full and round in shape with a slightly oblique set. His glossy top coat was of very rich and warm copper colour with defined black tabby markings. I am so pleased he was very easy to handle as with his size we wouldn't have stood much change had he decided to be naughty .

Chocolate Somali an 11 year old who I judged at wyvern just a couple of weeks ago. A very rich coat colour with apricot base and dark chocolate ticking. The coat texture soft and fine. . Full brush to her tail which would have benefited from a little more length. An elegant firm body of good substance with long legs and oval shaped nicely tufted paws... Chin a fraction weak, Profile shows slight nose break. Top coat

beautifully prepared her tummy was very curly. She seems to enjoy the attention and handling.

The first thing that hits you is the wonderful rich colour to this girl. An extremely rich golden brown coat with apricot base coat and defined black ticking the rich apricot colour extending to her chest belly, under the tail and inside of legs. The ticking to the ear tips and tufts, her facial markings toes tufts and heels black. The overall colouring and ticking of this kitten was quite stunning. A well developed firm muscular body of good size. A long extremely well furnished tail which was broad at the base and balanced perfectly to her body. Long legs with oval paws the paws having tufts of fur between the toes. A soft dense medium length coat lying flat along the spine which had been beautifully prepared. Lovely head with moderate head, slight nose break to the profile, chin firm and bite good. Ears set wide apart and were well pricked tufted and cupped with good furnishings. My only criticism is that I found her eyes to lack the almond shape as they were a little round I shape but other than that she was gorgeous.
